ITE Safety Conference

The ITE Washington State Section will host a full-day Safety Conference on Tuesday November 18th. This year's conference will feature speakers Kirk Hovenkotter from TCC and Peter Koonce from Portland Bureau of Transportation with a panel discussion on Traffic Safety Cameras, and much more. The conference will be a hybrid event held both on-line and in person at the Tukwila Community Center with lunch for in-person attendees.

PLEASE NOTE NEW LOCATION: Tukwila Community Center

Registration opening soon!

Greetings Fellow members,

Dear Members,

As we move into the fall season and begin a new year of programs for ITE Washington, I'd like to take this opportunity to acknowledge the numerous activities held during the summer and provide a preview of what lies ahead as we embark on our 2025-2026 program cycle.

In June, we offered a Seattle Signal Timing Workshop led by Bruce Newman and Andrew Natzel with SDOT. The session offered practical insights into signal timing practices and strategies employed by SDOT to operate and manage traffic signals across Seattle. Additionally, our annual golf tournament brought together members and industry professionals for a day of networking, friendly competition and fresh air. Events such as the Annual Golf Tournament serve to strengthen our sense of community within ITE and emphasize the significance of balancing professional responsibilities with opportunities to recharge.

In July, Don Samdahl (1995 Section President) presented a comprehensive overview of the Professional Transportation Planner (PTP) certification process. He highlighted recent updates and best practices, providing guidance for those interested in pursuing the credential. This informative session attracted significant interest from both emerging and experienced professionals.

We began our new program year in September with the September Kick-off Meeting at Anthony's Pier 66 & Bell Street Diner. The event was very well attended, and Adiam Emery, Interim Director of SDOT, offered an insightful presentation on the Seattle Transportation Levy and the City's key priorities.

Thank you to our members and sponsors for supporting our summer activities. Please continue your involvement this year by joining events and volunteering for committees.

Cheers ■

2026 ITE Western District Annual Meeting
June 28 - July 1, 2026 | Bellevue, WA
Early Registration & Call for Abstracts – NOW OPEN!

We hope to see you at the ITE Western District Annual Meeting in Bellevue, WA next summer! Stay tuned for more updates!

Early Registration: NOW OPEN!

Early Registration for ITE members is now open for $495. This discounted pricing will be available until March 1st, 2026.

Check out the website for more information on how to register.

Call for Abstracts: NOW OPEN!

Interested in becoming a presenter at the 2026 Western District Annual Meeting?

The ITE 2026 Western District Annual Meeting will be held June 28-July 1, 2026 at the Hyatt Regency Bellevue in Bellevue, WA. The technical program typically features eight Technical Session periods, each consisting of three sessions, with up to four presenters per session. The program will also offer up to four technical solutions sessions, focusing on innovative transportation solutions presented by our industry partners. Attendees can also look forward to potential technical poster session, roundtable discussions, and technical tours showcasing transportation projects in the Bellevue area.

As the transportation industry continues to transform, we face pressing challenges in adapting to climate change, addressing equity, enhancing safety, and building a sustainable transportation system. Transportation plays a critical role in addressing these societal issues and provides ample opportunities for

impactful solutions. The 2025 Local Arrangement Committee invites you to share your research, case studies, and insights that tackle these challenges with innovative, cost effective, and equitable solutions.

We encourage abstract submissions in the following general topic areas and welcome other relevant topics of interest to our members:

- Active Transportation
- Artificial Intelligence and Big Data
- Autonomous/Connective Vehicles
- Climate Resiliency for Transportation
- Complete Streets
- Context Sensitive Solutions
- Corridor and Network Operations
- Curb Space Management and Urban Logistics
- Cybersecurity/Data Privacy
- Electromobility Planning and Design
- Equity and Environmental Justice
- Human Factors in Transportation
- ITS and Traffic System Performance
- Multimodal Design and Connectivity
- Parking Design and Management
- Transit Systems and Integration
- Transportation Planning, Policy, and Funding
- Travel Demand Management
- Vision Zero and Safe System Approach
- Transportation/Technical Solutions

Check out the website for more information on how to submit an abstract for the 2026 ITE Western District Annual Meeting.

TRAVELING TO BELLEVUE:

We strongly recommend that you book your travel accommodations early!

FIFA WORLD CUP: Our conference dates overlap with the FIFA World Cup 2026 events happening in the Seattle region from June 11 – July 19, 2026. This world soccer tournament is held every four years and is one of the most watched tournaments of any sport. The 2026 World Cup will be hosted by three North American countries across 16 host cities, including Seattle. For more information, check out the official World Cup Seattle website.

HOTEL RESERVATIONS: The conference hotel is the beautiful Hyatt Regency Bellevue in downtown Bellevue, WA. Check out the website for more information on how to book your rooms under the group and government rates.

AIRPORT TRAVEL: The two airports near Bellevue, WA are the Seattle-Tacoma International Airport (SEA-TAC) and Paine Field Airport.

SEA-TAC TRANSPORTATION: If you're flying into the SEA-TAC, consider using the Bellevue Airport Shuttle or transit to travel to the conference hotel. For transit – please note that the Sound Transit light rail system has a system expansion project currently under construction that will connect the existing light rail system to downtown Bellevue (with a planned opening of early 2026). Stay tuned for updates on this exciting new transit connection!

THANK YOU TO OUR SPONSORS!

Nominations for 2025 ITE Washington Section Awards

SHARE YOUR PROJECT

Submit your nominations today.

The ITE Washington State Section is soliciting our transportation planning and engineering community to submit your best nominations for recognition! We are looking for your exceptional project work that has contributed to the success of our transportation programs, infrastructure, and organization. CLICK HERE for the nomination form, then submit your nomination to itewashington@gmail.com

The ITE Washington State Section will award one project/plan/study in each of the 5 categories identified by the ITE International guidelines. One of these projects/plans/studies will be selected as our **Washington State Section Project of the Year**. You may submit a project/plan/study for more than one category.

- Complete Streets
- Transportation Systems Management and Operations (TSMO)
- Safety
- Planning
- Traffic Engineering

There is no cost for entry and no limit to the number of nominations that may be submitted for consideration. Submissions are due by **5:00 PM on FRIDAY, NOVEMBER 14, 2025.**

Award winners will be announced at our **January Section and Recognition Meeting**. These nominees will go on to compete against other top projects/plans/studies in the ITE Western District and potentially ITE International. This gives our Washington State Section a chance to show off our best transportation projects at the international level.

These awards are intended to reflect success in achieving objectives such as:

- Development of an innovative concept;
- Implementation of a challenging transportation program through perseverance in its development and promotion;
- Having a significant effect on transportation;
- A multi-faceted transportation program or project that combines many innovative and/or well-applied concepts; or,
- A program or project promoting a major advance in the efficiency and/or economy of transportation.

For examples of previous recipients, please check out the ITE Western District Awards page Transportation Project of the Year | ITE Western District (westernite.org)

CALL FOR ABSTRACTS

ITE/IMSA Annual Conference and Exhibition

Bellevue Hilton

Tuesday, February 10, 2025 (Full-Day Conference)

The ITE Washington Section and the IMSA Northwest Section invites members to present at the 2025 ITE/IMSA Annual Conference and Exhibition, which is one of the premier events in Washington State for transportation engineers, planners, and operations and maintenance personnel.

Location/Date

This in-person full-day conference will be held at the Hilton Bellevue on Tuesday, February 10th, 2025. There will also be a half-day training and social kick-off on Monday, February 9th, 2026.

Technical Program/Presentation Format, Topics, and Length

Technical program presentations will be on Tuesday, February 10th, 2026. Each presentation should be about 15 to 20 minutes long and topics should have a transportation engineering, planning, traffic safety, and/or operations theme, and demonstrate how the information presented can be utilized by conference attendees. Presenters can share project experience, lessons learned, innovative solutions, pilot programs, testing of new ideas or technologies, state of art practice, and/or collaboration with others.

Submittal Procedure

Please submit your abstract directly via your Whova account (you will need to create one if you have not already) using the link provided below. For any questions on using Whova for abstract submission, please contact Thong Dinh

or Justin Chan .

The deadline to submit abstracts is Friday, December 12th, 2025

Abstract Submission Form HERE

Additional Questions?

Please contact Justin Chan at the email address above for questions about the technical program or conference.

WORLD DAY OF REMEMBRANCE

FOR ROAD TRAFFIC VICTIMS IN THE U.S.

Join us on November 16th for **World Day of Remembrance for Road Traffic Victims** as we honor the 1.35 million people killed each year in preventable traffic crashes and work for change.

We at ITE WA are joining with crash victims, street safety organizations, community members, and elected officials from across the country on this World Day of Remembrance to **remember**, **support**, and **act**. We add our voice to the urgent call for change to address the heartbreaking cost of traffic crashes.

This year's theme is **Safe Speeds Save Lives**, which aligns with many conversations we've had this year, from Washington's Target Zero plan, to the Washington Traffic Safety Summit, and individual safety action plans developed across the state. If you or your jurisdiction, agency, or organization are interested in making a formal statement in support of eliminating fatal and serious injury crashes and honoring traffic victims, please refer to the many resources that WDoR USA has created:

- Social media statements
- Newsletter blurbs
- Images formatted for social media

For a local example, refer to the City of Bellevue's Vision Zero Pledge.

This is your opportunity to announce and implement specific, actionable changes to address the crisis on our roadways.

Please make sure to share your photos and a summary of your activities, including any strong quotes, to info@visionzeronetwork.org. WDoR USA plans to put these together in a blog post and send the next day to amplify efforts across the nation.

ITE WA Golf Classic #37 Recap

Snohomish Golf Course
Snohomish, WA
June 10, 2025

We returned this year to the beautiful backdrop of Snohomish for our 37th Annual golf tournament. The tournament was a day of good weather and fun for the 9 teams that were able to join us this year.

This year there was stiff competition between all the teams with just 4 points separating the top 6 teams! TransProV1 (Transpo Group) were the returning champions and claimed another victory. 2nd place was a tie between Accessible Putt Signals (Advanced Traffic Products and Western Systems.

There was also stiff competition for the longest drive and closest to pin. Winners included Matt Ringstad and Damami Nkeiruka for longest drives. Andy Johnson, Craig Moore, Justin Chan and Mark Poch all showed off their skill in a closest to pin competition.

This year featured many new golfers that were joining for the first time as well as teams that have been playing for over a decade. As always it was a great opportunity to network and socialize with fellow transportation professionals in the region.

And last but certainly not least, this tournament would not be possible without the support of our amazing sponsors!

Advanced Traffic Products - Longest Drive & Closest to Pin
All Traffic Data – Drink Tickets
CT Northwest – Raffle Prizes
IDAX - Dinner
Prime Electric – Team Competition Prizes
Sea-Tac Lighting – Raffle Prizes
Western Systems - Raffle Prizes
Zumar – Raffle Prizes

This tournament has been run for the last 20 years by Mark Poch, with Darcy Akers for the last 13. It has been a joy to organize this fun event, but it is time to pass on the torch. But don't worry the show will go on and we will see you next year for #38!

Your ITE Golf Committee – Darcy Akers, Mark Poch, Elena Bertolucci

podcast

ITE Talks Transportation is a collaboration between ITE and Bernie Wagenblast, founder and editor of the Transportation Communication Newsletter and host of Transportation Radio. Each month, a new podcast features a thought leader within the transportation industry. In keeping with #transportationtuesday, a new episode will be available the 4th Tuesday of every month.
